personal coffee blend!**

**Ditting's unique
coffee dosing device
lets you do it.**

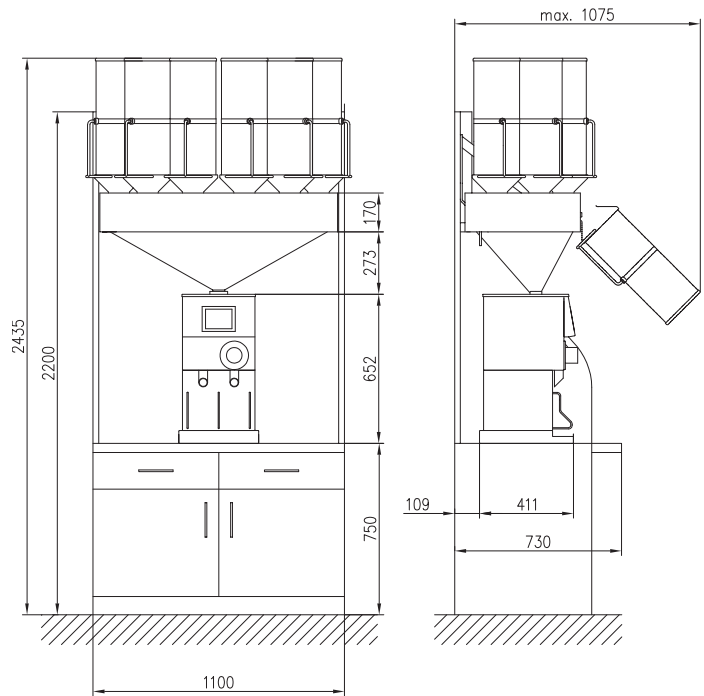

COFFEE DOSING DEVICE KDS

Haven't you at times wished you could create your own personal house blend? Ditting's unique coffee dosing device is the answer. Just follow the directions on the control panel's display. With the touch screen you choose your own personal blend and the quantity you want, and then decide whether you want to have whole beans or ground coffee. For individual taste in coffee.

- Available with 4-6 hoppers
- Integrated grinder
- Electronically controlled dosing and blending system
- Control panel with display
- Discharge tube for whole beans or ground coffee
- Automatic bag-in-place recognition

Ditting's – always an idea ahead
